Song of the Present Perfect

The song of the present perfect _____ _____(1) here to say you're fine
if you use it for something that started in the past
that's still going at the present time

Like when I say "I ____ _____ (2) your friend _____ **(3)** years"
It means we met some years ago and we're still friends, my dear

The song of the present perfect ____ _____ (4) here to say: hey man
you can use it for something that happened in the past
…but you don't need to explain exactly when

Like when I say: "I'____ _____(5) to the UK"
It means I went there in the past but you don't know what day

In the last few minutes I ___ _____(6) this tune somehow
You have heard a minute of this song ___ ___ ___ **(7)**
I _____ _____ (8) my words and I don't know what I can say
I hope I'___ _____(9) myself quite clear, with it now you can play

The song of the present perfect ____ _____ (10) here to tell you that
You can use it at the time when a thing takes place
but it's time hasn't finished _____ **(11)**

Like when you say “I’ ___ _____ (12) outside today”
The night has not come _____ **(13)** - it’s the same day, so you can use it, mate!

Finally the present perfect it’s really handy (and not a crime)
when the action of the verb you are using has
some effects in the present time

Like when I say, “Hey look what I _____ _____ (14)!”
I have _____ **(15)** finished writing you this song and you can hear it now!

In the last few minutes I _____ _____ (16) this tune somehow
You _____ _____ (17) two minutes of this song ___ ___ ____ **(18)**
and after all of this I hope that you _____ _____ (19) bored
and the present perfect for you is not a problem anymore!
